Six Year Transportation Improvement Program

2011 - 2016

On June 22, 2010 the Covington City Council approved Resolution No. 10-15 adopting the Six Year Transportation Improvement Program for 2011 to 2016.

The Covington 2011-2016 Six-Year TIP is as follows:

Annual Safety Improvements

This new annual program provides for the ability to address minor transportation safety issues as they are identified. The scope of each improvement is anticipated to be \$10,000 to \$20,000 with a total of \$50,000 in the program. The project list and priorities will be submitted separately.

Annual Pedestrian Improvements

New pedestrian facilities are provided as an integral part of major street improvements. This new annual program will provide improvements for pedestrian facilities on an interim basis until the associated street project secures funding or to fill gaps generated by development activity. The scope of each improvement is anticipated to be \$5,000 to \$15,000 with a total of \$50,000 in the program. The project list and priorities will be submitted separately.

Major Capital Improvement Project Priorities

1. **CIP 1127 SE 272nd Street (SR 516) between Jenkins Creek and 185th Place SE**

This project is to widen and reconstruct a portion of SE 272nd Street between Jenkins Creek and 185th Place SE. This project will include the crossing of Jenkins Creek with a new structure for the stream, widening the street from 2-lanes to 5-lanes including curb and gutter, 8' sidewalks, access control features, landscaping and provisions for u-turns.

2. **CIP 1128 SE 272nd Street (SR 516) between 185th Place SE and 192nd Avenue SE**

This project is to widen and reconstruct a portion of SE 272nd Street between 185th Place SE and 192nd Avenue SE. This project will widen the street from 2-lanes to 5-lanes including curb and gutter, 8' sidewalks, access control features, landscaping and provisions for u-turns.

3. **CIP 1124 185th Place SE Extension from Wax Road/180th Ave SE to SE 272nd Street**

This project connects SE Wax Road/180th Avenue SE to SE 272nd Street via a new route and alignment designated as 185th Place SE. The street section will consist of a 3-lane urban arterial standard with curb, gutter and 8' sidewalks, landscaping strips, illumination and stormwater infrastructure. The project will also include crossing Jenkins Creek. The actual route and alignment will be determined during design.

4. **CIP 1063 SE 272nd Street between 160th Avenue SE and 164th Avenue SE**

This project provides for design and future construction of additional turn lanes, channelization, and signal modifications. Widening SE 272nd Street will require modifications to the existing stream crossing at the intersection. Project length is 800 feet. Construct street section consistent with the existing SR 516 section including illumination, landscaping, 10' wide sidewalks with street trees in planting wells.

5. **CIP 1056 SE 256th Street between 172nd Avenue SE and 180th Avenue SE**
CIP 1149 180th Avenue SE between SE 256th Street and SE Wax Road (N)

Portions of these two larger CIP projects (see map – Attachment 1) are being combined to provide improvements adjacent to the new fire station at SE 256th Street and 180th Avenue SE. The improvements will include widening the north side of SE 256th Street from 180th Avenue SE to 176th Avenue SE to match the section at 168th Avenue SE. The frontage along 180th Avenue SE will be widened from the intersection to Crestwood Elementary School.
